Negotiation process

With regards to the submission of proposals to the Negotiating Team for the upcoming round of bargaining, we are sensitive to the time of year along with the challenges and restrictions COVID 19 has put on the Association.

Therefore, for this round of bargaining it will be acceptable for members to download the form through the APOC website and submit their proposals directly to the Branch Executive without holding a special meeting.

The Branch can then forward the demands to the National office.

Thank you.

APOC Negotiating Team
