

My name is Jack Damgajian. My Biography outlines my extensive experience over the years with Canada Post and highlights my ability to be your Branch President.

I currently work in RVU at the PPC on Shift #2. I have had a long and rewarding career with Canada Post starting back in 2006 as a Letter Carrier and MSC. In time, I was promoted to Supervisor and eventually to Superintendent, a position I have enjoyed for 10 years. In 2009 and 2010, I was able to support our depots during the Vancouver Winter Olympics and played a vital role working in PC&R as a C&D Staffing Officer. I have been a Team Leader both pre and post Postal Transformation at the Capilano Delivery Center, White Rock Depot, VMPP, VPDC and PPC and was able to work on all three shifts.

In the Spring of 2022, I was given the opportunity to join the APOC Executive Team as a Grievance Officer. I filed dozens of grievances which allowed me to further see the struggles that the members face in the plants, C&D, and in other departments as well.

My years of experience coupled with my strong interpersonal skills provide me with the skills, knowledge, determination and confidence to make positive changes and lasting long-term impact.

My commitment is to you...the members and, if given the opportunity, I will aim to exceed your expectations as Branch President.

Your vote is extremely important, and I appreciate your support as you submit your ballot. I look forward to the role of Branch President and working towards positive changes for our future.

Thank you,

Jack Damgajian
